WORKPLACE SAFETY IN FOODSTALL PREMISES

ENSURE SAFE USE OF GAS

- ☑ Take adequate safety measures when using LPG cylinder.
- ☑ Use gas hoses and regulator valve that are recognized by Brunei Shell Marketing Sdn. Bhd.
- ☑ Ensure tight and secure connection of regulator valve to your LPG cylinder.
- ☑ Ensure a safe distance of at least 1.5 metre between LPG cylinder and stove/electrical parts/ignition source.
- ☑ Place LPG cylinder in safe areas with adequate ventilation.

SAFE USE OF ELECTRICAL APPLIANCES

- ☑ Inspect sockets and wires for damages and ensure safe installation of electrical appliances.
- ☑ Obtain electrical test certificate of final circuits from the event organizer.
- ☑ Use weatherproof electrical appliance only if stall is located outdoor.
- ☑ If portable electrical generators are used, ensure installation of wiring and protection systems are done by registered electrician.
- ☑ Ensure suitable use of electrical appliances e.g. food warmers, oven, electric grills, etc.
- ☑ Do not overload electric sockets or plug extensions.
- ☑ Notify organiser if your socket outlets are warm.

AWARENESS ON SLIP, TRIP AND FALL HAZARDS

- ☑ Take extra care when moving on uneven, slippery and wet surfaces.
- ☑ Be cautious of electrical cables and water pipes laid on the ground surface of your workplace.

CARE ON USE OF SHARP OBJECTS AND HOT SURFACES

- ☑ Exercise caution when using sharp objects e.g. knives, scissors, etc.
- ☑ Label/barricade hot surfaces to prevent burns.
- ☑ Monitor flame producing equipment and switch off when not used.

Candles

Chicken Griller

Ethanol Gel

ATTENTION TO TRAFFIC FLOW

- ☑ Beware in areas of moving vehicles.
- ☑ Be cautious when crossing roads within workplace premises.
